THE FIRST LOOK

moment

We absolutely love this modern twist on the traditional wedding that gives you and your partner the opportunity to see your dreams become a reality in an intimate setting. Our favourite part of your wedding day is when we get to give you a sneak peak at your finished and completed wedding breakfast room. The look of "WOW" on our couples faces is priceless to us.

A first look takes place once your wedding breakfast room is completely finished and all the finishing touches are in perfect place. It allows you a few moments to soak up all the beauty and appreciate the small sentimental items you've put a lot of thought and effort into.

This time also allows the perfect opportunity for a dummy cake shot in perfect lighting and away from crowds. Don't worry, you'll still be able to cut your cake in the evening in front of all your guests.

WEDDING

Planning advice

IT'S YOUR DAY

Time will blur between first kisses and last dances

One piece of advice every single member of our weddings team passes to all our couples is ... Enjoy it!

The day goes by so fast and after years, months and weeks of organising, planning and debating over colour schemes, it's all over in a flash.

Know this, we're here, as much or as little as you need. A quick question? Reach out to us! Craving inspiration? Dive into social media groups and mood boards.

We want to make your dreams a reality and we want you to look back and say "that was perfect", because when the confetti settles and the cake crumbles fade, the one thing you'll treasure is the memories that you have made.

Give yourself time, lose yourself in the moment, and let the celebrations unfold. We want you to embrace every precious moment BUT ultimately the most important point to remember is ...

IT'S YOUR DAY. DO IT YOUR WAY

OUR SPACES

Areas for everyone!

We take great pride in our venue and the extent of what we offer cannot be beaten. We provide numerous choices for photo opportunities and an escape to an oasis of calm for those personal portraits.

Furthermore, we have a enticing safe and secure playground for children to burn off their energy from the sweets table, as well as a welcoming terrace for your guests to unwind and relax.

It's not just what's available on the outside that we are proud of but also what we have to offer on the inside. From our Bar & Lounge to our Private Dining rooms, we are sure to have the perfect space for you and your guests.

01

Our Landscaped Gardens

Take a little time out and enjoy some alone time against the backdrop of our beautiful maintained grounds, allowing your photographer to capture a few natural authentic moments whilst the two of you take some time out to yourselves.

Our Pavilion

A beautiful backdrop for your intimate portrait photos, this area of magic is located to the right side of our main entrance and makes for a perfect photo frame.

02

03

Our Entrance

Approach the hotel via a stone and cobbled pathway exquisitely lined with greenery.

Our Focal Points

From our fountain to our feature lights, craved stonework and steps we have plenty of spaces available for your stunning portraits.

04

TERRACE

Perfect for sitting outside and located adjacent to the main function room, our gorgeous terrace is the ideal place for your friends and family to relax. With a large seated area, it offers the perfect backdrop for those warmer days and moonlit nights. Impress your guests with a charming outside space for them to enjoy. The terrace is connected to our playground via a staircase and it provides a secluded safe area where parents can sit back whilst safe in the knowledge that their kids are secure.

PLAYGROUND

Designed to provide a safe location for play in a naturally beautiful setting, our enclosed outdoor playground is a place that offers a fun environment for children and can provide parents with the assurance of their child's safety and wellbeing. Please be aware that children must have adult supervision while using the playground, as the hotel will not be held responsible for any injury incurred.

Tucked away in a quiet corner next to the terrace, this toddlers' utopia has plenty of fun equipment that will keep the little ones busy and active throughout the day. Children embracing adventure with some free-spirited thrill, the value of play simply can't be overstated.

BAR

Our bar area isn't the biggest, but what it lacks in size it sure makes up for in quality and quantity. Offering a wide and extensive selection of beers, wines, spirits, its close proximity to the main wedding room allows guests to grab a drink and then get back to wedding without propping up the bar.

There is a small selection of comfortable seating available in the bar area too. The bar closes at midnight for a quick restock and then it reopens for residents only.

LOUNGE

Mingle and relax in our cosy, welcoming lounge, a true home away from home. A haven for you and your guests to unwind and put your feet up.

At midnight, when the main function room closes to be reset for breakfast, the lounge will remain open for you to say goodbye to your departing guests and then sit and unwind before calling it a night. The lights will be dimmed and gentle music will be played in the background.

PRIVATE DINING ROOMS

We are proud to have three unique private dining rooms, all steeped in history. The Alderman is named as such because two of the property's earlier owners were indeed County Aldermen. The Shorrock and Huntington rooms pay homage to the family names of Astley Bank's previous owners.

Available for additional hire for a soft play set up to keep children entertained, or simply for your elderly guests who might prefer a quieter setting away from the party music.
